“Define Needs, Develop Solutions, Secure Funding, ..”

Presented by Konrad L. Siu

Director of the Office of Infrastructure and Funding Strategy for the City of Edmonton

One of the ongoing challenges facing municipalities is the ability to adequately respond to the demands for new and improved infrastructure. The cities of today are also facing the pressures of aging infrastructure, deferred maintenance expenditures, growth, labour shortages and cost escalation at unprecedented rates. The City of Edmonton has over \$23 billion worth of existing assets and with an increasing demand for new infrastructure and improved infrastructure. A plan is needed. This presentation will summarize the direction taken by the City of Edmonton to develop and implement a strategy aimed at improving the sustainability of its infrastructure. Define Needs, Develop Solutions, Secure Funding

PRESENTER:

Konrad Siu is the Director of the Office of Infrastructure and Funding Strategy for the City of Edmonton. He is an active participant in the National Round Table on Sustainable Infrastructure and the National Asset Management Working Group, both Canadian national initiatives with extensive involvement from a number of professional organizations and three orders of government

Konrad joined the City of Edmonton in 1988. Before joining the City, he worked for nine years at a national engineering consulting firm. He holds a Bachelor of Science degree in Civil Engineering and a Master of Engineering degree from the University of Manitoba, as well as a Master of Business Administration degree from the University of Alberta. He also completed advance training in ‘The Program for Senior Executives in State and Local Government’ from the Harvard University John F. Kennedy School of Government. Konrad is a Fellow of the Canadian Society of Civil Engineering

EVERYONE IS INVITED TO ATTEND FOR THIS VERY INFORMATIVE TOPIC.
